THE AIM

**the MANY
FACES of
POVERTY**

The teen labor market is collapsing and taking the benefits of work with it. In 2000, 45 percent of America's teens were employed during the summer. This summer only about 25 percent of teens will have a job. This precipitous drop in employment will lead to the worst teen summer employment rate since World War II.

THE ASK

T2 Automotive, Ltd. is seeking corporate and private partnerships ready, willing and able to commit both in-kind and hard dollar resources for full and partial scholarships to eligible youth at-risk candidates.

The Automotive Appearance Academy (A₃) for Youth will be a 2 year program with both digital and hands on learning tools. Candidates may participate at there own pace but must complete the certification before their high school graduation date. A₃ will welcome ALL youth desiring the training certifications offered.

A₃ will begin accepting candidates who are in their sophomore and junior year of high school.
